TRAVEL CANG	

ABOUT THIS TOUR

The Aussie All-Stars adventure, supported by Music Theatre International Australasia (MTIA), provides opportunities for gifted and talented students to perform and develop their skills by working with industry professionals in New York while collaborating with like-minded students on a performance for the Junior Theatre Festival, Atlanta.

It is the ultimate learning journey for aspiring musical theatre stars.

Students will gain from this international performance and skill development experiences through Broadway acting classes, meeting leading Broadway performers, getting feedback on their performance, performing at the Junior Theatre Festival and participating in the Disney Performing Arts Workshop program in Disneyland, Anaheim.

TRAVEL INSURANCE

Travel Gang recommends that you take out travel insurance. There are many companies that offer travel insurance. You should make sure your travel insurance covers all medical expenses for injury or illness, as well as theft of valuables, damage to baggage and cancellations or interruptions to flight plans. Accidents can happen to anyone, and medical costs overseas can reach hundreds of thousands of dollars. Australian citizens have faced financial hardship to cover these costs when things go wrong.

The Australian Government won't pay for your medical treatment overseas or medical evacuation to Australia or a third country. Travellers without travel insurance are personally liable for covering any medical and associated costs they incur.

U.S VISA REQUIREMENTS

Electronic System for Travel Authorization (ESTA) is an automated system that determines the eligibility of visitors to travel to the United States under the Visa Waiver Program (VWP). All nationals or citizens of VWP countries who plan to travel to the U.S. on a plane or cruise ship for temporary business or pleasure for 90 days or less under the VWP will need authorization via ESTA. If a traveller is planning to transit through the United States en route to another country, an authorization via ESTA is still required. ESTA is accessible online at https://esta.cbp.dhs.gov for citizens and eligible nationals of VWP countries including Australians. It costs \$14.00 USD.

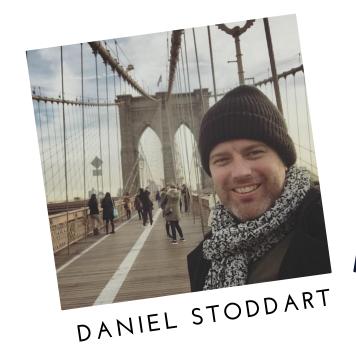

Here is the link: https://esta.cbp.dhs.gov/

YOU MUST HAVE A PRINTED COPY OF YOUR ESTA!!

VALID PASSPORTS

Your passport must have 6 months validity remaining from your return date to Australia. For example, if you are traveling in January your passport shouldn't expire before the following August. If your passport expires prior to this you MUST IMMEDIATELY apply for an expediated new one. Once you have your valid passport please upload a new version of the ID page (ie. the page with your photograph) to your online portal. As well as this you MUST advise Travel Gang via email that you have a new passport.

LOGISTICAL GROUPING

In order to ensure smooth logistics while touring with a large group, it has been necessary to split the tour members into groups. These groups are mostly utilised when travelling. The itinerary has the details as to the different meeting times for the different groups when needed. A great deal of care has been taken when selecting the groups to try and keep friends connected where possible.

ON TOUR

ARRIVAL AT SYDNEY AIRPORT

Please meet at the **VIRGIN AUSTRALIA Airlines check-in at 7:15am** and then stay with your allocated colour group ALL the way through the airport. Please ensure you have all your flight documentation, passports and Visas (ESTA) on hand. Good idea to make sure you have this ready before you leave home. You will also receive your official Travel Gang cap from your Travel Gang Tour Director when you arrive. This cap must be worn all the way through the airport for identification purposes. Please note- *If you are not at the airport to meet us and miss the first flight, the airline automatically cancels all of your other flights. Allow extra time to ensure you are there!*

CUSTOMS & IMMIGRATION

Once we meet at all security gates and departure lounges your Tour Director and other group supervisors will inform you of the relevant forms that need to be completed when boarding the plane and during arrival procedures. Some of the forms you may need to complete include an arrival card and a customs declaration card. You will need to have your passport available for immigration and customs officers. Please be aware that Australian and USA customs procedures are very strict. You must declare any food items, animal products and wooden/plant products. Penalties also apply for exceeding duty free limits.

DOCUMENTATION

It is recommended to carry a copy of your passport, visas, travel and other important documents as well as your travellers cheque numbers (if you use them) with you in your luggage. You should also leave a copy of all this information at home with someone trusted and contactable while you are away. Don't pack your travel documents and passport in your luggage, rather take it with you in your carry luggage.

Remember to bring more than enough of any medication you might need along with you and carry prescriptions as well as a letter from your doctor for any medications that you carry with you.

IN FLIGHT

You may like to swap seats to be with family and friends once on the plane. Some of you will already be seated with your family but as we are traveling as a group there may be a little bit of rejigging once on the plane.

Use lip balm frequently and rehydrate often with water. Cover yourself with a warm blanket or top when sleeping. Walk around and complete in-seat stretches often. Force yourself to sleep otherwise you may be disorientated over the next 2 days.

SAFETY AND WELFARE

Tour member's safety is of the utmost importance to Travel Gang. See below for advice and tips about safety and welfare whilst on tour:

- Stay with your group at all times.
- Be sure to always confirm the arranged meeting times and meeting points.
- Do not make it obvious that you are carrying money, credit cards and other valuables.
- Any individual who places themselves, other tour members, or the tour at risk will be excluded from continuing the tour at the sole discretion of Travel Gang.
- Always carry some form of identification.
- Always carry the phone numbers of your Tour Director, your temporary guardian (if you have one) and your hotel.
- Always be ON TIME. If you are late, the group will leave without you. You will need to call your group guide to find where to meet them.
- Always carry a small amount of cash between \$20 and \$50USD.
- Respect the laws of the county we are visiting. Drug activity, shop lifting, physical violence, vandalism, and verbal abuse are illegal.
- Cross roads only at traffic lights always look LEFT first. In America Jaywalking (crossing roads elsewhere) is an offence.

If you are unsure about anything or anyone always talk with your Tour Director.

CODE OF CONDUCT

The Travel Gang code of conduct is outlined in the "Terms and Conditions" that you signed upon application for this tour. Please refer to this for specific details and policies. Throughout the tour it is a Travel Gang policy for all tour members to strive to promote harmony and good will. Travelling as a group, as opposed to travelling independent, carries with it not just responsibility for yourself but for all other members of your group. It is not permitted that tour members make their own rules and conditions. Here are our top 4 things to keep in mind:

- 1. Treat all tour members respectfully and courteously.
- 2. Value other tour member's personal property and need for privacy and personal space.
- 3. Bullying and harassment within the tour in any form will not be tolerated under any circumstances.
- 4. All Travel Gang adventures are drug and alcohol free for all travellers.

BUDDY SYSTEM

It is expected that all tour members (students and chaperones) be in the company of another tour member at all times. With particular concern to public places such as museums, toilets, shopping centres, airports to name a few.

HOTEL BEHAVIOUR

- Always be aware of individual hotel rules posted in each room.
- Students are not permitted to leave the confines of the hotel without the permission of the Tour Director and then must be supervised by appointed persons and chaperones.
- Make note of the room numbers of the Tour Directors and chaperones at each hotel.
- Tour members are not to change rooms.
- Number of persons per room is dictated by hotel policy.
- No chaperone (with the exception of appointed guardians/Tour Directors) will enter a student room.
- Do not congregate/hang out in hotel corridors.
- Students are not permitted to invite any non-tour members to their room.
- Students are not to leave their room after the advised curfew time.
- Always secure luggage and valuables safely when not in your room.
- Punctuality at meeting times and meeting points is imperative in order to make transfers and flights. Return your key on check out.
- Travel Gang will not under any circumstances be responsible for hotel expenses (room service, in-house movies, laundry etc.) incurred by any tour member.
- In-house hotel expenses must be paid for well before check-out in order to meet transfers/flights etc. it is recommended you do this the night before check-out.

IF YOU ARE LOST

In the event you become separated from the main group please follow these steps:

- 1. Contact the Tour Director immediately via mobile phone.
- 2. Try and contact another tour member via mobile phone.
- 3. Make your way to the assigned meeting point/area and wait for the group to return.
- 4. Call the hotel and give your whereabouts.
- 5. Ask staff at a nearby shop, restaurant, café etc. for assistance and ask them to contact your hotel.

DO NOT: Wait on the street; Accept a lift from anyone or Catch a taxi cab without a chaperone.

MOBILE PHONE USE

It is highly recommended that you arrange for international data on your phone, or alternatively purchase a new SIM card in New York that includes data. Trust us, you need this for so many reasons. Please note, using data overseas can be expensive if you do not have the correct plan. We recommend you contact your phone network provider and understand the full costs while roaming internationally. (Shane once had a surprise bill for \$800 when he returned from a trip to Hawaii)

COMMUNICATION ON TOUR

Morning toolbox sessions are **mandatory**. It is when you will get important information about the day and anything you need to prepare for the following day. The tour group Facebook site is also an important tool used to communicate regularly while on tour which is why it's important to be a part of the group and also have data on your phone.

If there is ever anything troubling you while on tour, it is better to talk about it with someone. Please tell your chaperones, teacher or one of our tour directors.

KEEP CALM

We are all going to have so much fun on this tour. If you're a regular traveller, you will know that sometimes plans need to change for many reasons. You are being looked after by the awesome Travel Gang tour directors so there will be nothing to worry about. Just go with the flow and let us solve any issues that pop up along the way. Your flexibility is appreciated.

When you are travelling so close to people for such a long time, there will be times when you just want your own space. If that happens to you, we recommend you put your earphones in and listen to some music for a while. If you see someone else having some 'earphone time', give them a few moments to themselves unless your message is truly important.

MEALS IN FLIGHT

When we distribute the flight tickets to you, it is YOUR responsibility to go online and order any special meals you require for the flight if you have dietary requirements. You need to do this for any flights that will have meals. The airlines will only consider one request Eg: 'Gluten Free', they won't cater for two requests Eg: 'Gluen Free and Dairy free'

SEATS ON THE PLANE

You will be allocated a seat with the group. If you are not happy with your assigned seat, you can use the online system to change your seat to another vacant seat on the plane. This may involve extra payment to the airline, which is managed by you through the airline website. Seat assignment is done by the airline, not by Travel Gang.

SPENDING MONEY

Please budget your money carefully to ensure that you have enough for meals throughout the trip. Around \$50 USD per day should be budgeted for your meals. Also you wouldn't want to spend all your souvenir money in New York and then have nothing left for Disneyland. Chaperones are asked to keep an eye on student expenditure and let the teachers know if you have concerns.

While it is not recommended for anyone to carry large amounts of cash, avoid letting yourself fall short of money as ATMs are often difficult to locate. We strongly advise against using credit cards when buying from small merchants. Please note that each participant is responsible for managing their own money while on tour.

LOOKING AFTER YOUR THINGS

Tour participants are responsible for looking after their own belongings while on tour. It is not possible for us to return to a tour venue so take care not to leave items (like phones/ cameras) behind. While in New York, it is also easy to lose items like gloves, scarfs and beanies because you are regularly taking them off and putting them on. The best way to keep these things together is to ball them up and shove them tightly in the sleeve of your jacket while carrying them around.

LAUNDRY

Shane likes to wash his clothes in his hotel bathroom and they usually dry by the next day. However, you can do your laundry at the following places (own cost).

New York- Best Wash & Dry Inc, 670 9th Ave (two blocks from the Edison)

TIPS AND GRATUITIES

While tipping is NOT mandatory in most of the United States, it is expected in many circumstances for service, especially at almost all sit-down restaurants which offer table service. The general rule is to tip in proportion to the service, and the quality of service, being delivered. An average tip is 15%.

Keep in mind that all those who provide service often are very dependent on tip income and generally are grateful for any tips received, especially when prompt and exceptional service has been provided and acknowledged.

Here's one tipping app for smartphones and tablets: Globe Tipping.

Many visitors to the U.S. feel pressured to tip even when they do not feel it is fair or reasonable to do so. Customers cannot be forced to tip as a matter of law, but they are legally required to pay any charges that are clearly marked prior to service, and these may include mandatory gratuities (tips). Mandatory gratuities are used by some restaurants with large numbers of foreign customers who may not be familiar with American tipping customs, often in tourist centers such as New York City. Mandatory gratuities also are charged by many restaurants when large groups are being served.

Fast food restaurants do not have tipping, nor do they have table service.

Obviously at restaurants with no tipping policies or where gratuities are automatically added to customer checks, there is no need to tip unless there is a desire to additionally reward some exceptional service.

As explained below in greater detail, customers should understand that tips are often a major source of compensation for wait staff and other U.S. service providers. Employers often pay these employees lower wages in anticipation that the service employees will receive tip income to raise their compensation to market levels.

Many hotel guests who tip housekeeping staff leave tips daily before leaving the hotel, both to reward the person immediately servicing the room and in expectation of good service.

SUGGESTED TIPS

- Doormen who merely open doors are not tipped, unless they call a cab or provide another service.
- For waiters at sit-down restaurants, bartenders, barbers/hairdressers/attendants at beauty salons, taxi drivers, tour guides, and food delivery folks, the tip should be calculated as a percentage of your total bill as follows: 10% usually means you aren't totally happy, 15% usually means all was acceptable, 20% for excellent, over 20% for outstanding. 15-20% is considered standard in most communities.
- Note that if you have more than one person serving you at these establishments, the percentage represents the total tip and should be split amongst all who serve you.
- Tips should only go to people who are helpful. If they don't help you, don't tip them.
- In some places a clearly displayed "Service Charge" or "Gratuity" might be automatically added to a bill, especially for party sizes of 8 or more. Check your bill for these charges before tipping. If the word "Gratuity" is used and you're not happy, check with the manager. A gratuity by definition is an amount you don't have to pay but choose to.
- Hotel housekeeping/maid service: \$2-3 per night up to \$5, more in high-end hotels. Also more if there are more than 3 people in a room or suite. Leave the tip on your pillow or in a similar obvious place with a note that says thank you. Leave the tip each day when you leave the room, rather than at the end of your stay, because your room might get cleaned by different people each day, depending on staff schedules. If you have additional items delivered to your room, such as extra pillows, hangers, luggage racks, tip the person who brings them \$2 or \$3.
- Concierge: Tipping is never expected, but always appreciated. The more difficult the request, the higher the tip. \$5.00 and up per request is good.
- In-suite dining waiter: Always read the bill, if there is a tip included, it will be on the bill breakdown. Ask the server. The policy of having the gratuity included in the bill is not the norm anymore. A service charge or convenience fee goes to the hotel, not the server. If there is no gratuity added, tip the server 18% 20%.
- Bellman/Porter: \$1-2 per bag. More if the bags are very heavy.
- Taxi Driver: 10-15% of fare, based on service.
- Drink Server in a casino or bar: \$1-\$2 per drink. Some tip \$5 for the first drink to make sure the waitress "remembers" them and returns often...
- Hairdresser/manicurist: 10% 20%.
- Tour Guides: 15% 20% + depending on quality (knowledge, friendliness, etc).
